COMPANY PROFILE

1. Company Overview

Reines Property Development Limited, trading as **Reines Group** is a property development, construction and manufacturing company founded and headquartered in Blantyre, Malawi. Our company was registered and incorporated on the 29th of March, 2023 with registration number, COY-REFW2A as a private limited company under the Companies Act, 2013. Our registered place of business is along Kamuzu Highway, Kristwick Mandala, P.O Box 3494, Blantyre, Malawi.

Managing Director:	Ronnie Kamkwasi
Company Secretary:	Counsel Ekari Chimera (Acting)
Registered Office:	The Boulevard, Kristwick Mandala P.O Box 3494, Blantyre Malawi Tel: +(265) 883 15 72 09 contact@reines.co.mw
Principle Attorneys:	Joe & Max Chambers

Reines Group is a holding operating company, and the arm of all development, building and civil projects. We operate a concrete division that is still under the Reines Group arm; Reines ProCrete which manufactures and sells our concrete products. In July 2026, we incorporated **Reines ProBuild Limited**, a wholly owned subsidiary of the group manufacturing dry-mix building materials.

2. Why Choose Us?

Our business is built on values and strengthened by execution. Our mission is to drive Malawi's development by excelling in what we do.

Mission

To drive Malawi's development through property, construction and manufacturing excellence.

Vision

Become Malawi and Southern Africa's most trusted and innovative property development, construction, and sustainable building manufacturer.

Core Values

Integrity, Standards, Workmanship, Ethics, People, Environment.

3. What We Do

3.1. Property Development.

FULL-CYCLE RESIDENTIAL & COMMERCIAL DEVELOPMENT

We manage the complete development lifecycle — from site acquisition and architectural design, through planning approvals, financing and construction, to interior finishing and property handover.

INCLUDED

- Site Selection & acquisition
- Architectural design coordination
- Planning & regulatory approvals
- Project cost management
- Contractor Supervision

3.2. Building Contracting

STRUCTURED BUILDING CONSTRUCTION

We construct buildings for occupancy, including residential and commercial development, with structured supervision, clear timelines, and practical client communication.

INCLUDED

- Residential construction
- Commercial construction
- Extensions & renovations
- Maintenance & repairs

3.3. Civil Contracting

INFRASTRUCTURE & PUBLIC WORKS

We support the construction of infrastructure and public works through practical project planning, site coordination, and dependable execution.

INCLUDED

- Infrastructure works
- Public works support
- Site coordination
- Project supervision
- Quality control

3.4. Concrete Products

QUALITY CONCRETE PRODUCTS

We manufacture a range of concrete products including blocks a variety of pavers, stone cladding and concrete products for building, paving, and construction needs.

INCLUDED

- Concrete blocks
- Pavers
